or, and a net Whig gain from last year of 1852! 21 towns in Norfolk County give a net whig gain debt of 21 millions and a half per annua. The of 866; 17 towns in Bristol County give a net W. above statement is official. gain of 1041.

The probability is that the Whigs have elected their entire delegation to Congress.

Senate. Whigs 21, Locos 0, so far, and possibly the Whigs have elected every Senator.

Les and Blanchard, Philadelphia, are publishing " Dealings with the firm of Dombey & Son, wholesale, recall and for exportation, by Charles Dickens," in numbers of 24 pages each, with spirited itlustrations-price 8 cents.

THE RAILROADS.

In our last was noticed a recent arrangement in Boston, designed to settle various conflicting interests-or perhaps rather we should say, interests which the public have supposed to be conflicting. We now give the official account of the matter, as but probably the most in Plainfield. Berlin we unfallows:

tivo directors of said corporations to act freely, and

porations, and whereas, an understanding has sub

company should not connect with the North

ern Railroad Corporation, without the assent, first obtained, of the directors of the Fitchburg Rail-

road Corporation, and a like understanding to the effect that the Directors of the Fuchburg Railroad

Company should not in any manner aid or countenance the construction of the Rutland Railroad, so called, without the assent, first obtained, of the Di-

mencement and completion of the work. 'The rest

readers will remember that the Sullivan road is the

connecting link between the Vermont Central and

WISCONSIN.

by any corporation in the state -under the penalty

of heavy fines and imprisonment. Corporations or

their agents are also prohibited from receiving de-

posites of money, making discounts, or buying or

selting bills of exchange, under like penalties !-

This is pure locofocoism, which would not only

make war upon corporations but upon the people in-

to the bargain. On the 10th, this proposition was

followed up by another admirably adapted to the

establishment of genuine locofocratic principles:

Mr. Crawford introduced the following, which

COLLECTION OF DEBTS:

Resolved, That all laws for the collection of debts shall forever be prohibited in this State.

On the 9th, Moses M. Strong (a native of Rut-

land, Vt., and son of Moses Strong,) made a report

from the committee on the right of suffrage, rec-

ommending that all white male citizens of 21 years

or upwards, and all aliens who have filed a notice

of their intention to become citizens, and who have

The Very Rev. J. McHale, writing from Hollymont, County of Mayo, draws the following picture of the condition of that country ;- Deaths, I regret o say innumerable, from starvation, and its dire ui imple provisions for obviating these unparalled e

In many districts the penalutry are turbulent, omplaining of want and dilatoriness on the part of he Government officers. Agrarian outrages were frequent in Tapperary. Robbery of arms was be oming very prevalent. Rockite notices, threat-presidenting equally those who gave and those who ok low wages, were posted on many of the chapels.

SWITZERLAND. ANOTHER REVOLUTION. A successful revolu- He has a pension from Government.

[discontent long gathered against the Grand Councit, and the countenance afforded to the Jesuite, came to a head on the 7th test. The account giv-

en of the insurrection states:
c On the night of the Gli ult., the operatives rose Hewitt, arrived at this period on Saturday morning, about 1-4 past 5 o'clock, from Liverpool, Oct. 20, them. After about 200 cannon shots and a most via Halifax, having been 17 1-2 days on her passage. She had rough and temperaturus weather determined resistance, the barricades were destroyed. The insurgents, however, entreached themselves. en masse, and established barricades on the bridgduring the passage.

By this steamer we have received our usual files of foreign papers. The dates are from London to the evening of the 18th ult., and from Liverpool to the morning of the 20th. As the 18th tell on Sunday, the London mails for this steamer were not depatched till the following day. We have received letters from our regular correspondents at London trails of the lower regular correspondents at London was the population of the lower to the bridges, and, as the population of the lower to the bridges, and, as the population of the lower to the bridges, and, as the population of the lower to the bridges, and the proposed in the first metance. The news by the Brittannia is important. Cet Liberals, which arrived about this time, and in and, as the militia were threstened on all sides, it the Council of State, which event was followed by the occupation of the arsenal, and all public estab-Food riots and agrarian outrages have occurred in bishments by the insurgents, Soveral of the most respectable families at Geneva have to deplore the losses they have sustained,

The Grand Council resigned on the morning of the 8th. On the 10th, the people, with the leaders of the insurrection, met in council. It was resolvery dull. In several places short time is adopted.

The quarterly return of the revenue shows an should be formed, and a new Grand Councit was convoked for the 25th instant. The Provisional Government had issued a proclamation, entreating the citizens to preserve public order and tranquili-

ty. On the 12th the city was quiet, nor was there any immediate apprehension of further distorbance. Madrid on the 10th ult.

Another revolutement may increase that eighty soldiers were killed and wounded on the in Switze land, which met with success. side of the late Government, and only eleven on the side of the people. The most perfect cann continued to reign in the city.

RUSSIA AND CIRCASSIA. THE WAR IS CIRCASSIA, - A letter from Con-SCARCITY OF POOR. The Temporal Space of September, announces that the Porte had just received the important news ring the week. In Glasgow, it is as high as in of an immense advantage gained by the Circussiduring the week. In Glasgow, it is as high as in London; and, in the provinces, prices are rising,—It is the same abroad. At Odessa, new wheat obtained from 34s, to 34s fed. At Danzie, prices have risen to 55s, to 57s, free on board. In the United States, there is a considerable advance in all kinds of grain. The Mark Lane Express estimates the fadure in the potata crop of Western Europe at two-thirds; in the out and rye crops, at one-third; a deficiency that must be supplied by using toe.

reserve of seed. Meanwhile, there is a brisk con-sumption in England, as yet unchecked by raising Schamyl, here of the Caucasus, was taken prisoner some years ago, when only eight years old, by the tather, and appeared to have forgotten his birth-place. His courades and professors were ignorant of his origin, and he was known by a name different from his own. He left the Military School last July; and was sent, as Lieutenant, to the regimees It is quite clear that there is no fear of an "in undation" of grain. The home markets are but undifferently supplied, and prices are considerably higher. "Some of the shipping ports on the East coast," it is said, "have been visited by the bayers country, and that he was going to join his father. from France and Holland, which has no donbt, as- and brothers. The news caused a great sensation

MARSHALL AND PEYTON. "Potomac" writes to the Baltimore Patriot as follows:

"I am credibly informed that a gentleman in this topeful tone-all is scarcity. An account of the cross in Scotland is furnished by Messrs. Robert city, formerly a Momber of Congress, his received Hurchinson & Co., of Kirkalday. According to a private letter on a distinguished officer in the
